

New Garbage Rules Starting October 1st

City of
Yokosuka

1 All plastics are now “recyclable plastics”

Dispose of ALL 100% plastic items with plastic containers and packaging. New name is “recyclable plastics.” Collection days same as former “plastic containers and packaging” days. In your area this is _____

New name: Recyclable plastics. Includes plastic containers and packaging and also all 100% plastic items.

Plastic containers and packaging

Plastic trays, bottles, caps, packaging, bags, wrap

Has this mark

NOW ALSO

Everything made of 100% plastic

100% plastic kitchenware, toys, files, bath and sink items, etc.

2 Dispose of appliances under 50 cm - no battery

Starting Oct 1, you can dispose of electric appliances that DO NOT HAVE ANY BATTERIES whose longest dimension is 50 cm or less as “non-burnable garbage” on regular collection days.

Ex. irons, toasters, etc.

Batteries are a fire hazard when compacted and CAN NOT be disposed of as non-burnable garbage. Remove all batteries or dispose of item using other methods (outlined below).

Ex. Electric cigarettes, portable fans, electric razors, etc.

Other methods:

- Dispose of appliances using a **free** collection box for small electric appliances (must fit in 30 cm × 15 cm opening).

- Reserve pickup OR drop off appliances at “Yokosuka EKOMIRU” (5-1-1 Nagasaka) **for a fee.**

The rules for disposing of large appliances such as A/Cs, TVs, washing machines, dryers, and PCs are SAME as before.

3 Donate leather and quilted items

Starting Oct 1, you can donate CLEAN leather clothes, and clothing quilted with cotton or down on “community recycling (group resource) for old clothes” days.

Until end of Sept

NO leather

NO quilted clothes

Starting Oct 1st

YES leather

YES quilted clothes

Continue to dispose of wet and dirty clothes as “**burnable garbage.**”
